

DEL

Gas bottle range

Column lift with lifting capacities upto 1500kg

DEL IS A CARGOTEC BRAND

Why a DEL tail lift?

Made to order

From our 64,000ft factory in Witney, we have the expertise and experience to manufacture a wide range of tail lifts. Every tail lift we produce is tailor made to meet your exact requirements.

Quality assured

As a ISO 9001:2008 certified organisation, we continuously measure our performance and constantly work to improve upon it. We are committed to supply high quality products and services.

Durability

With DEL products, not only will you get a great product to suit your requirements but also one that will last. Each lift has been thoroughly tested to ensure you have many years of trouble free operation.

Top finish

Steel components are plated or galvanised to offer maximum protection against corrosion. This will help enhance your company's image plus increasing the vehicle residual value.

Comprehensive warranty

Each product comes with a comprehensive 12 months parts and labour warranty package as standard. This provides you with 24 hours a day, 365 days a year breakdown cover to ensure that you will never be left stranded. Extended warranty packages are available if required.

After care

We expect that you will have many years of trouble free use from our products. It is comforting to know however that in the rare event of a problem occurring during operation that our friendly, helpful and experienced staff are only a phone call away.

GB500G for dropside/flatbeds

This robust column tail lift has been designed to suit the gas bottle market. As standard, the lift is installed with a pair of auto erect guards to ensure maximum operator protection at all times. We also include security chains with the lift which allows the operator to securely strap all bottle in position.

Features

- Tail lift installed with auto erect guards to ensure maximum operator protection.
- Power pack in beam for protection against the weather and for ease of service.
- Security chains supplied to ensure bottles are safely strapped in position.
- Torsion assisted platform to ensure minimal effort required to open and close.
- Fully galvanised steelwork for added protection against corrosion.

Ideal for

- Gas bottle distribution

Technical specification for standard build

Lifting capacity	Platform material	Platform depth	Ramp size	Maximum lift height	Maximum width	Voltage of lift	Installed weight
500kgs	Aluminium	610mm	230mm	1060mm	2260mm	12v	205kgs
