

DEL

Van lifts

Lifting capacities from 300 to 500kgs

DEL IS A CARGOTEC BRAND

Why a DEL tail lift?

Made to order

From our 64,000ft factory in Witney, we have the expertise and experience to manufacture a wide range of tail lifts. Every tail lift we produce is tailor made to meet your exact requirements.

Quality assured

As a ISO 9001:2008 certified organisation, we continuously measure our performance and constantly work to improve upon it. We are committed to supply high quality products and services.

Durability

With DEL products, not only will you get a great product to suit your requirements but also one that will last. Each lift has been thoroughly tested to ensure you have many years of trouble free operation.

Top finish

Steel components pre-treated to offer maximum protection against corrosion. This will help enhance your company's image plus increasing the vehicle residual value.

Comprehensive warranty

Each product comes with a comprehensive 12 months parts and labour warranty package as standard. This provides you with 24 hours a day, 365 days a year breakdown cover to ensure that you will never be left stranded. Extended warranty packages are available if required.

After care

We expect that you will have many years of trouble free use from our products. It is comforting to know however that in the rare event of a problem occurring during operation that our friendly, helpful and experienced staff are only a phone call away.

PC300 Internal lift

- This lightweight and quick fit lift is easy to use and when not in use, simply sits to one side allowing unrestricted access to the rest of the vehicle. This lift can be fitted behind the rear or side door.

Features

- Lift finished in high quality zinc plating to offer great protection against the elements.
- Wanderlead control included for greater flexibility for the tail lift operator.
- Simple, easy and light operating procedure.
- Lift stows neatly to one side to ensure maximum access space to the rear of the vehicle is maintained.

Ideal for moving

- Domestic appliances
- Catering trolleys
- Barrels
- Photocopiers
- Furniture
- Factory machinery
